Having Kim with us at our Aug 2023 wedding was one of the BEST decisions we could've made. Guests are still raving about this today! A few people even asked for her contact because they wanted paintings of their own. One of my besties was fangirling because Kim was an artist she followed on Instagram and now she got to see her live in action.

Not only are guests provided with essentially a show/entertainment for the day, but I'm left with one of the loveliest wedding mementos. And boy does she work fast! It's like I turned around and walked into the reception after the ceremony and the full painting was already there. Love that Kim was accommodating to changes too. She added in my dog since the venue wasn't dog friendly.

Absolutely recommend booking Kim for your wedding with no hesitation!

Words can't express how thankful and impressed we are with Kim-Vi and our painting!

Not only is Kim-Vi kind and professional, but she is also extremely talented and brought our big day to life. She was able to execute our vision within 5 hours so we were able to take our painting home the same day.

Our guests were floored by her talent and people still have not stopped talking about our live painter experience. She was a show stopper!

I highly recommend booking Kim-Vi for your event, you will not regret it. We now have a piece of our wedding day to cherish and admire forever. We are so thankful for Kim-Vi!

I came across Kim-Vi by way of Instagram when I was researching for my upcoming wedding. I was immediately captivated by her style, her use of color, but more importantly her attention to detail. I have two small children and I really wanted them to be captured accurately as they are now. I had a consultation with Kim-Vi and she was so sweet and nice and really appreciated my vision and the importance of capturing my children. We moved forward with booking and it is one of the best decisions I made regarding my wedding.

She really went above and beyond to capture us in an intimate yet celebratory moment. All our guests were in awe of her talent, especially in such a sort amount of time. If I had the change to book Kim-Vi again, I would in a heartbeat but I would book two paintings to capture two different moments from our wedding. I am so thankful that I will forever have this painting and cherish this memory of our family.
